

Resort Village of Shields
Council Communique
June 2020

We want you to know about

1. ***Water Policy Changes for Irrigation System***

Existing policy states: No direct hook up into dwelling or to potable water line is allowed for dwellings within Shields.

Addition to policy: If direct hook up is discovered, it will be immediately severed and capped and the resident will be invoiced for a callout and material used. If direct hookup creates a leak in the irrigation system causing a disruption of service, the emergency fees below will be applied.

Without Notice / Emergency: if a line is cut and no prior notice is given to the Resort Village and a call out is required:

Shut Off Fee - \$60.00
Start Up Fee - \$90.00
Fine of \$500
+ applicable call out

The above fees do not include excavation or repair costs which will be billed to property owner.

2. ***Vehicles driving and parking in village parks***

Vehicles have been observed driving across parks and public reserve to get to lake, parking along lakeshore, or as a “shortcut” within the village. Such use is not permitted by #6/18 Traffic Bylaw since it is damaging to public green spaces and the safety of the users of these areas.

#6/18 Traffic Bylaw

50. DRIVING ON PLAYGROUNDS, PARKS & GOLF COURSE

(1) No person shall park or drive a vehicle upon or across a playground, a park, or a golf course over which the Resort Village or any Board appointed by the Resort Village for that purpose, has control, supervision or management except for areas designated by signs or authorized under this bylaw by the Council.

(2) The provisions of Subsection (1) shall not apply to employees of the Resort Village or designates who are in execution of their duties.

3. ***Changes to #11/06 Bylaw to Permit Operation of All Terrain Vehicles (ATV) on Roadways Within the Municipality***

Residents identified need for ATVs to be able to access boats, and docks. Village does not want these vehicles crossing parks.

#11/06 Bylaw for ATVs will be amended to provide for ATVs to use lake accesses.
