

Shields New Recycle Station and Bulletin Board July 2020

Recycling Relocation Project Complete with New Structures

Shields has a new Recycling Station that is now located just north of the Maintenance Shop at 51 Memorial Drive. Beside the Loraas recycle blue bin is a new structure where you can sort and deposit your Sarcan recyclables which includes:

Please DO NOT deposit glass jars, electronics or any other unacceptable items in this area or in the Loraas bin. These items should be taken directly to Sarcan. The Village has an arrangement with the Hanley Culture Club to remove the recycling on a weekly basis and is part of their fundraising activities.

A new Bulletin Board has been placed by the mail boxes in the area for use by residents. The Bulletin Board on Waters Avenue by the mail boxes remains as before.

Happy Recycling – *brought to you by Shields Operations*
